*The **RAPTOR-GAMING H3** is the brand new stereo headset of Raptor Gaming Technology that is totally optimized to the needs of PC-Gamers. Due to the light weight, the excellent stereo-sound and the noise cancelling microphone it fulfils even the highest demands of Gamers.*

The volume and the microphone are controlled through the cable integrated operating unit. A truly new developed feature is the „Enemy-Location-Mode“™ which allows the Gamer to adjust the volume of each earcup to the individual hearing characteristics of each ear. You just hear your opponent faster and better.

*The compact and light design makes the **RAPTOR-GAMING H3** the perfect choice for mobile PC-Gamers and extended gaming-sessions. For protection purposes while transportation a RAPTOR-GAMING HEADSETBAG is included in the delivery content.*
